

My Profile: Family Bucket List

A bucket list is a list of things you have never done but would like to do at some time in your life. It can be big things, like going on a trip to a particular place, having a particular type of home, meeting someone famous, or making lots of money. It can also be smaller things like trying a new food, playing a sport, meeting someone in your family you have never met before, learning some words in a language you don't speak (or don't speak very well). Working with the people in your home, think of a list of 20 things you would like to do together. Try to think of at least a few things you could actually do right now. Pick at least one thing on the list and do it together.
